MEMORANDUM FOR: Director of Finance

FROM: James N. Glerum
Director of Personnel

SUBJECT: Interim Overseas Differential

In order to clear up any confusion that might still exist I wish to confirm that it was the intent not to distinguish between married and single employees in the granting of Interim Overseas Differential (OD) benefits. Thus, the time period of 42 days for continuing the IOD while on TDY in the United States should be the same for single and married employees.
